Exhibition overview

The theme of the 2015 EACTA Congress is, *Organ dysfunction in cardiothoracic and vascular anaesthesia and critical care*. It will focus on the causes, prevention and treatment of adverse outcomes that are associated with cardiothoracic and vascular surgery, and anaesthesia.

Lectures and presentations will be delivered by renowned speakers and will be complemented by scientific and educational workshops in the fields of cardiothoracic and vascular anaesthesia and critical care.

The scientific programme for the meeting will be of great interest to cardiothoracic and vascular anaesthesiologists and intensivists as well as colleagues in related specialities including surgery, nursing and perfusion
