Exhibition overview

This the annual Summer meeting of the British Thoracic Society.

In this year's programme, we are delighted to be able to offer a wide range of topics to meet the needs of all our members.

The Mini Short Course format continues, this year exploring in depth the areas of ILD and Surgery for the Chest Physician. To help trainee members the programme has been mapped to the respiratory curriculum.

New for this year, the *radiology quiz* will be in a new interactive format this year, in one of the main symposia sessions.

The *physiology quiz* will continue and, as previously, the Meeting will have a commercial exhibition that provides the opportunity for industry to show case new pharmaceutical evidence or new investigative or therapeutic equipment.

The *Clinical Grand Round competition* has ended and the three successful finalists will present their clinical cases to a jury of their peers on Thursday 25th June 2015, 11.30am to 1.00pm.

This year's Summer Meeting will be held in Halls 1, 9 and 10 at The ICC, Broad Street, Birmingham, B1 2AE. The ICC is conveniently located a ten minute walk from Birmingham New Street Station.
