Mariastraat 38, B-8000 Brugge

## Exhibition overview

The conference brings together Respiratory specialists and Pediatricians around the emerging specialty common to all concerned, Pediatric Pulmonology.

The organizers of the CIPP had achieved, for the first time, the challenging feat: that of creating a close working relationship

between leading specialists in pediatric pulmonology from developed and developing countries around a number of common themes: Asthma and respiratory allergies, respiratory infections and tuberculosis, Cystic Fibrosis and Snoring.

Over the years, CIPP has acquired a reputable status among prestigious congresses in both Pulmonology and Pediatrics by focusing its attention specifically on the pediatric aspect of respiratory diseases, in keeping with the standards of large international meetings.

For this 13th edition, which will take place in Bruges (Belgium), we are expecting once again a numerous attendees from all around the Globe.
