Exhibition overview

The Congress promises to offer unique opportunities to attend a high quality scientific programme, Master classes in the key areas of our speciality and hands on training workshops, all delivered by eminent speakers from all over the world. The European Board and College of Obstetrics & Gynaecology (EBCOG) will also be launching its much awaited specialist examination for young specialists, “European Fellow in Obstetrics and Gynaecology EFOG-EBCOG”.

Doctors in training from anywhere in the world will be able to sit a “Knowledge Based Assessment” examination in Istanbul during the Congress.

Moreover in Istanbul delegates will be able to take the European Society for Gynaecological Endoscopy diploma and also the certification examinations in colposcopy and basic ultrasound scanning. The rich menu of hands on training sessions will cover all areas of obstetrics and gynaecology.

It will include obstetric emergencies, basic obstetric manoeuvres, fetal electronic monitoring, obstetric anal sphincter injuries, post-partum haemorrhage, and training and testing sessions in laparoscopic skills, laparoscopic suturing, hysteroscopic skills and urogynaecological surgical skills.
