Stockholm - details to follow

Exhibition overview

The European Society of Anaesthesiology (ESA) resulted from the amalgamation of the former European Society of Anaesthesiologists (ESA), the European Academy of Anaesthesiology (EAA) and the Confederation of European National Societies of Anaesthesiologists (CENSA) and holds the most prominent position in the community of anaesthesiologists in Europe and elsewhere.

The goal of ESA is to aim for the highest standards of practice and safety in anaesthesia, peri-operative medicine, intensive care, emergency medicine and pain treatment through education, research and professional development throughout Europe.

ESA organises the academic programme of the European Anaesthesiology Congresses, Euroanaesthesia and the Autumn Meeting. Members and non-members from more than 80 countries from around the world attend these meetings.

The European Anaesthesiology Congresses offer a comprehensive scientific programme consisting of refresher course lectures, symposia and workshops, as well as the presentation and discussion of the latest research undertaken in Europe in particular. The European Anaesthesiology Congresses are accredited by the U.E.M.S./EACCME for C.M.E. credits.

In 2014, Euroanaesthesia will take place in Stockholm, Sweden in May//June.
