Exhibition overview

We choose the motto “healthy life through nutrition” with the aim of exploring how a good nutrition from early in life to later stages may contribute to a healthier society.

Together with the ESPEN Committees Members, the local organisers have constructed an attractive and innovative programme and assure you that the meeting will be an important landmark in ESPEN’s continuing contribution to the improvement of Nutritional Care and Education.

We hope that ESPEN 2015 will be a great opportunity for physicians, dietitians, pharmacists, scientists and nurses dedicated to the field of nutrition and metabolism, to meet and discuss the most recent data in an informal atmosphere, strengthening old and new collaborations.
