Exhibition overview

The European Society of Regional Anaesthesia and Pain Therapy was founded in 1980 to further regional anaesthesia in Europe. The first congress was held in Edinburgh in 1982 and since that year the society has gone from strength to strength, with a current membership of over 3,000 throughout Europe.

The Society is still growing, and has now established a strong track record with over 30 Annual Congresses. The scientific standard at the annual ESRA congress is now recognised as one of the best in Europe, and as a result carries a high rating with the Accreditation Council for Continuing Medical Education, who now assigns credit hours to all ESRA congresses.
