Exhibition overview

The FENS Forum is Europe's preeminent neuroscience meeting: where European Neuroscience Meets the World. By uniting thousands of participants, the FENS Forum 2016 will facilitate and promote the exchange of knowledge and neuroscience research. Molecules and photons, neurodegenerative diseases and stem cells are only a few of the key topics to be covered by a top-level scientific programme, alongside lively networking and social events. The FENS Forum is a meeting point for the world's top experts, mid-career scientists, post-docs and students.
