98000 Monte Carlo

Exhibition overview

The triennial IOC World Conference on Prevention of Injury & Illness in Sport is the premier international conference for those interested in clinical aspects of sports and exercise medicine. The diverse faculty represent the pre-eminent international authorities in injury and illness prevention.

The Conference is multidisciplinary, and encourages contributions from all fields of prevention research. This includes studies on epidemiology, risk factors, injury mechanisms, pathophysiology, intervention studies, relevant biomechanical studies, studies on sports behavior and attitudes, and related research from other fields.
