Exhibition address:

MICO, Milano Congressi

Piazzale Carlo Magno

1 - 20149 Milano

Italy

Exhibition overview

The Football Medicine Strategies conference programme is designed to promote a multidisciplinary approach where the audience can understand each topic from a number of perspectives. Muscle and tendon injuries are often managed in isolation by individual specialists, resulting in insufficient communication between all those involved in the recovery process. The best results, however, are achieved when a team collaborates fully integrating the collective areas of expertise.
