**Meeting website:** [www.eurostroke.eu/](http://www.eurostroke.eu/)

**Exhibition address:**

Reed Messe Wien GmbH

Congress Center Messeplatz 1

Postfach 277

Vienna

## Exhibition overview

The ESC is a leading stroke conference in Europe and worldwide, annually attended by more than 3500 clinical researchers, basic scientists, clinicians, AHPs, nurses and students of many medical specialties. The ESC celebrates its 25th Jubilee in Vienna in 2015.

In the tradition of the ESC we will keep what made the conference so outstanding and worth attending, for example, an international forum for presentation and discussion of original research.

New topics and structural changes will be initiated:

- Teaching Course and Sessions for Nurses and AHPs will cover the full 3 day programme
- Plenary Sessions will focus on challenging topics for the future, eg. Cancer and Stroke
- Expert Rounds will tackle difficult issues of patient care not covered by evidence based guidelines

The Congress will present joint sessions with international societies representing European Cardiology, Hypertension, NeuroRehabilitation, etc
