## Exhibition overview

At AMEE 2015 there will be something for everyone those new to education or with wide experience; those interested in undergraduate education, postgraduate training or CPD; those working in medicine or other healthcare profession as a teacher, student, administrator, researcher or leader. This unique opportunity will allow delegates to deepen their understanding of the assessment of clinical competence principles and practice using the expertise of our eminent faculty.

## Exhibition details

Featured topics: Delivering education in the context of limited resources a challenge faced by those working both the developed and developing world; Interprofessional Education - how we can learn and work together to provide better patient care; Ensuring Quality in Education how we can ensure not only minimum standards but aspire to excellence in education; Professionalism, Scholarship and Faculty Development keeping up to date with the changing demands and pressures faced by healthcare professionals; The Continuum of Education recognising the need for a seamless transition through the stages of medical education; Shaping the Future of Technology-Enhanced Learning an exciting opportunity to take part in a 1.5 day Symposium to challenge current thinking and to consider the future of technology in learning; AMEE Hackathon bringing together educators, software developers, graphic designers and project managers to come up with creative solutions to technological challenges faced in education.
