Newcastle - details to follow

## Exhibition overview

The British Society for Investigative Dermatology is an independent non-profit organisation formed in 1982. It aims to promote high quality scientific research in dermatology, skin biology, and related subjects principally through its annual meeting, which comprises oral and poster presentations of original research, guest lectures, and educational symposia and promotes interactions between scientists and clinicians. The 2014 annual meeting will take place in Newcastle. UK.
