Royal Victoria Dock

London E16 1XL

United Kingdom

Exhibition overview

The European Society of Cardiology presents the world's largest and most influential cardiovascular event.

The vision for ESC Congress 2015 turns towards the patient and will focus on how to improve patient care by communicating the most timely and significant advances in prevention, diagnosis and treatment of cardiovascular disease.

The Congress Programme Committee will structure the best in science into more than 500 sessions with a distinguished faculty from around the globe and over 4 600 abstract presentations.

The scientific programme will be practice orientated and interactive, ensuring the 25,000 cardiology professionals from around the world, who converge in London in August 2015, can equate the presented science to their professional practice.
