Exhibition overview

Controversies and Updates in Vascular Surgery (CACVS) is an international interactive post graduate course for Vascular Surgeons, Cardiac Surgeons, Vascular Radiologists and Angiologists.

In 2014 the Course attracted 1284 congress participants and 590 via a live webcast. The delegates came from 44 countries.

Exhibition details

The Course is devoted to all aspects of vascular diseases and their treatments. A special focus is given on the most recent available data from on-going or recently published trials, technical aspects for selected vascular or endovascular procedures and debates on controversial topics.

In 2015 the main topics will be Aneurysms, aortic dissections, carotid interventions, peripheral occlusive diseases, vascular accesses and interventions for venous diseases.

The full scientific programme is available at: www.cacvs.org/en/scientific-program
