Exhibition overview

The European Association for Behavioural and Cognitive Therapies (EABCT) is an organisation that brings together 51 individual associations from 38 different countries. Each one is committed to the empirically based principles and practice of behavioural and cognitive therapy approaches in health, social, education and related fields. They also share a common goal of developing the highest standard of clinical practice through the development of training, continuing professional development and evidence based practice.

The EABCT Congress will take place in September 2014, in the Hague (Netherlands). The scientific programme will cover a diverse range of topics including: the cognitive-behavioural treatment of addictive disorders, anxiety disorders, OCD and related disorders, mood disorders, eating disorders, psychotic disorders, personality disorders, child and adolescent mental health, treatment of the elderly, and behavioral medicine.
