Exhibition overview

The Congress will offer a stimulating scientific programme composed of invited lectures from renowned experts in the field, symposia, and 'state of the art' presentations on controversial topics, master classes and free communications.

The Congress aims to provide scientific education for everyone working in the field of Cranio Maxillo-Facial Surgery, ranging from trainees to junior and senior specialists. To facilitate exchange between units and finally bring together colleagues in order to share and advance clinical expertise.

The scientific programme should be seen as an encouragement towards the establishment of uniform training requirements throughout Europe.
