## Exhibition overview

The European Association for the Study of the Liver (EASL) is the leading liver association in Europe. The Annual EASL Congress attracts participants from all over the world: European countries, the Americas, the Middle East, Japan and China. 10,127 delegates attended the 2015 Congress in Vienna and a similar number is expected to attend in 2016.

The programme will be organised according to the following specialty tracks:

- Viral hepatitis
- Cirrhosis and complications
- Liver tumours
- Cholestatic and autoimmune
- Metabolic, alcohol and toxicity

- General hepatology

While field tracks will show:

- Basic and translational science
- Public health
- Liver transplant and surgery
- Imaging and interventional

Special sessions for young investigators and nurses will also be clearly identified.

## Exhibition details
