Exhibition overview

The European Head and Neck Society was set up to provide a common platform to meet and exchange knowledge for all specialists involved in head and neck cancer, and to promote the highest standards of treatment, clinical and basic research, education and training, disease prevention and patient care at a multidisciplinary level.

This 6th European Congress on Head and Neck Oncology (ECHNO 2014) will bring together over 1500 surgeons, radiation therapists, medical oncologists, imaging specialists, pathologists, health professionals, basic scientists and patient organisations involved in all aspects of head and neck oncology from all over Europe and further afield, to explore current knowledge in head and neck neoplastic diseases.
