2 Place de la Porte Maillot
Paris
75017

Exhibition overview

The AMEC has been developed to meet the need at a European scale for a larger global Anti-Aging event at the start of new season. It is founded on a multispecialty approach for Aesthetic practice and a multidisciplinary one for Preventive and Anti-Aging Medicine. Under the scientific supervision of the World Society of Interdisciplinary Anti-aging Medicine (WOSIAM) and the new sister association, Multispecialty European Society for Aesthetic and Anti-aging Medicine (MESAAM), the AMEC is marked with high level scientific content developed by the knowledgeable Directors and Committee. The AMEC will also cooperate closely with the new active medical partner associations from Russia, Northern Europe and South East Asia.
