Conference code: ERA17A

Meeting website:www.era-edta2017.org/en-US/home

Exhibition address:

IFEMA Feria de Madrid (North Congress Center)

Avda. del Partenón, 5
28042 Madrid
Spain

Exhibition overview

The central theme of the congress **"Nephrology - much more than kidney disease"** is reflected not only in the symposia and mini-lectures but also in the plenary lectures, which include presentations by world-renowned scientists addressing the diverse topics kidney regeneration, bioelectric medicine, the re-creation of life and adipose tissue.

At the core of the scientific programme are more than 70 symposia and mini-lectures on main aspects of kidney diseases and its many complications as well as transplantation and hypertension. The programme integrates significant results of basic research in the context of the daily clinical work of the nephrologist.

As in previous years, the ERA-EDTA programme is thematically organized in nine different themes:

1) Fluids and electrolytes, tubular transport, physiology
2) Hereditary disorders, development, pregnancy, paediatric nephrology
3) Glomerular diseases and general clinical nephrology
4) CKD: pathophysiology, epidemiology, prevention, progression, aging
5) End stage renal disease, hemodialysis
6) Home therapies and peritoneal dialysis
7) Kidney transplantation and immunology
8) Hypertension, vascular diseases and diabetes
9) Acute kidney injury and intensive care nephrology
