Exhibition overview

The European Human Genetics Conference (now in its 50th year) is a forum for all workers in human and medical genetics to review advances and develop research collaborations.

The conference has become one of the premier events in the field of human genetics with over 3.000 delegates attending the 2015 Congress; more than 215 oral presentations, 13 workshops, 8 educational sessions, and over 150 exhibiting companies.

The ESHG conference is where the latest developments in human genetics are discussed, and where professionals from all parts of human genetics meet.
