Exhibition overview

FACE 2015 is on course to be the UK's biggest and best conference to date. In addition to regular Injectables, SKIN, Business, and now HAIR seminars at FACE, the BODY conference will also be coming to FACE 2015 creating a complete high-end educational aesthetic conference.

The annual BODY Conference which is usually held in November has now been merged with the FACE Conference in June to complete what is now an all-round super conference focusing on all non-surgical medical aesthetics from head to toe. As the BODY aesthetics market continues to grow with an ever increasing range of non-surgical solutions and indications, we have decided to incorporate lectures on a wide range of treatment options into the traditional Equipement agenda sessions.
