

40th Congress of The Federation of European Biochemical Societies

4 - 9 July 2015, Berlin

Anticipated attendance: 2500 delegates

Delegate profile: Biochemists, biologists, molecular biologists, researchers, medical and scientific professionals and trainees with an interest in life sciences

Conference code: FEBS15

Meeting website: www.febs2015.org/

Exhibition address:

Estrel Convention Centre

Sonnenallee 225

12057, Berlin, Germany

Exhibition overview

This is the 40th Congress of The Federation of European Biochemical Societies (FEBS), held on behalf of the German Society for Biochemistry and Molecular Biology (GBM).

Exhibition details

With this joint congress, GBM and FEBS expect to bring together a wide range of researchers from all across Europe and further afield to explore "The Biochemical Basis of Life".

The congress takes place under the framework of the biennial GBM conference "GBM - Molecular Life Sciences", and the joint event will cover the entire spectrum of molecular biosciences. Symposia include:

Mechanisms of Gene Expression

Membranes, Receptors & Bioenergetics

Structural Biology & Biophysics

Systems Biology, Bioinformatics & Theoretical Biology

Molecular Neuroscience

From Chemical Biology to Molecular Medicine
