Exhibition overview

This is the 9th biannual conference of the British Fertility Societies: The Association of Clinical Embryologists, British Fertility Society, and the Society for Reproduction & Fertility.

Exhibition details

The conference offers a cutting edge programme of renowned international speakers, specialist concurrent sessions, short paper and poster presentations and a packed social programme attracting over 450 experts in fertility, assisted conception, sexual health and reproductive biology.

Plenary sessions will follow the story of preparing for implantation through to maintaining early pregnancy.

Individual Society updates will address the latest developments in their fields including assessing the infertile couple, environmental and nutritional impacts, optimising embryo development, animal insights into reproduction and many others.

The full scientific programme is available on the conference website.
