Meeting

website: <http://www.internationalbrain.org/>

Exhibition address:

The World Forum Conference Centre

The Hague

The Netherlands

Exhibition overview

The theme of the Eleventh World Congress on Brain Injury is “**From Cell to Society**”.

Held biennially, IBIA World Congress is the largest gathering of international professionals working in the field of brain injury. Delegates are comprised of physicians, psychologists and neuropsychologists, therapists, social workers, nurses, case managers, legal professionals, advocates and all others working in the field of brain injury. Over 1400 multidisciplinary professionals attended the last IBIA Congress in San Francisco, California in 2014.

The aim of the Eleventh World Congress is to provide an opportunity for establishing collegial relationships with international professionals focused on the care and/or service of persons with acquired brain injury and/or the science of brain injury research. State of the art research will be presented dealing with information spanning from basic science to clinical (coma to community) aspects of brain injury.
