Exhibition overview

The Musculoskeletal Association of Chartered Physiotherapists (MACP) and the International Federation of Orthopaedic Manipulative Physical Therapists (IFOMPT) are delighted to announce IFOMPT 2016. The IFOMPT Conference, a prestigious international conference held every 4 years to celebrate innovation and research within neuromusculoskeletal physiotherapy, takes place in Glasgow at the Scottish Exhibition and Conference Centre (SECC) from 4 - 8 July 2016.

The theme for Glasgow 2016 will be Expanding Horizons.

This exciting conference invites delegates to explore 5 themed strands, covering key areas relevant to orthopaedic manipulative physical therapists across the world.

In recent years, manual therapists have pushed the traditional boundaries of the profession, and this conference will build on these advances, bringing together leaders and innovators in the clinical, academic and research fields. The 5 programme strands will be:

- Advanced assessment/practice and managing complex patients
- Integrating Research into practice
- Health promotion/Public health

- Changing roles and scope of practice
- Teaching, Learning and Professional Development
