Meeting

website: www.esgar.org/annual-meeting/esgar-2015/

Exhibition address:

CNIT Paris La Defense
2 place de la Defense
Paris
92053

Exhibition overview

The European Society of Gastrointestinal and Abdominal Radiology (ESGAR) was founded by radiologists working in close association with gastroenterologists, hepatologists, abdominal surgeons, pathologists, and other allied specialists. Its members have a special interest in the imaging and treatment of patients with diseases of the gastrointestinal tract and associated abdominal organs.

The 2015 Annual Meeting will include two postgraduate courses: MRI of the Abomen and Oncologic Imaging. The rest of the meeting will again reinforce interactivity, delivering lectures that are adapted to different levels, from the trainee to the highly dedicated specialist.
