**website:** [www.efort.org/the-efort-annual-congress](http://www.efort.org/the-efort-annual-congress)

**Exhibition address:**

London - details to follow

## Exhibition overview

The European Federation of National Associations of Orthopaedics and Traumatology (EFORT) is the platform organisation linking Europe's national orthopaedic associations. It aims to promote the exchange of scientific knowledge and experience in the field of prevention and both the conservative and surgical treatment of diseases and injuries concerning the musculo-skeletal system. To this end, particular emphasis is placed on activities focusing on education and research. To help achieve its aims, EFORT organises an annual congress which in 2014 will take place in London, UK, in June.
