Exhibition overview

The Congress will have an exciting four-day programme and an extensive trade exhibition. The Congress historically draws over 4 000+ of the world's leading researchers and providers of services, equipment, products and aids for people within the diverse spheres of ophthalmology and related sectors. These participants are not only from Europe but also from the USA and the Middle East and at SOE 2013 in Copenhagen delegates came from 100 different countries.

Exhibition details

The scientific programme arrangements are well under way and will include an outstanding array of European and overseas invited speakers. Importantly, the scientific programme will span the latest developments and best practice in ophthalmology. The Programme will cover the full curriculum of Ophthalmology, with ample choice for participants from any background and with all interests. As at the SOE 2013 Congress there will be symposia organised by all the major European Subspecialty Societies and Supranational Organisation.
